

CORE INVEST HEALTH®, a Romanian pharmaceutical successful company

Core Invest Health® is a Romanian company for the import, export, distribution and promotion of pharmaceutical products in the category of food supplements and dermato-cosmetics, which over the years ranked among the top 5 positions in the Romanian National Private Companies' Top (XXI- 2012, XXII-2013, XXIII-2014, XXIV-2015, XXV-2016) according to CNIPMMR (the National Small and Medium Enterprises Council in Romania) and the first 3 positions in Romania's Profit Romania 2013-2016, developing strong international partnerships on the pharmaceutical market, such as Actafarma and Difa Cooper.

Combining state-of-the-art technology with medical science breakthroughs and patient needs, Core Invest Health® provides ongoing support to business partners, developing solutions and products that best meet their needs.

With extensive experience and expertise in the import, distribution and promotion of pharmaceuticals, Core Invest Health® has developed its own brand **Pharmacore®** with innovative formulations and patented technologies. The full range of acne care **Pharmacore® Acne Control**

contains 5 dermatologically-active cosmetics and a dietary supplement with active substances specially formulated to treat acne by acting on all its production mechanisms without the side effects of allopathic treatments.

With a trustworthy network of distribution partners with national coverage (chain distributors and pharmacies) and an appropriate medical training team, Core Invest Health® provides, besides the availability and visibility of products, various and effective ways of communicating benefits to the target audience. Thanks to the scientifically proven benefits of products, Core Invest Health® benefits from the support of the medical community, building a solid basis for communicating the characteristics of various diseases: causes, action

mechanisms and solutions.

Core Invest Health® supports its partners in evaluating market conditions, distributing, selling and promoting imported products, actively involved in informing, educating the targeted population to achieve the desired results, adequately addressing the needs of consumers of portfolio products.
